STEP 3:

Using a spray bottle, spray some water on your fingertips and then flick the water onto the card to create a watercolor effect. Once you have done this, lightly dab with a tissue to dry.

STEP 4:

Place the ripped piece of card back down, lining it up before using your Eureka and adding ink to this chosen stamp.

STEP 5:

Next, close the Eureka lid and press down evenly to stamp.

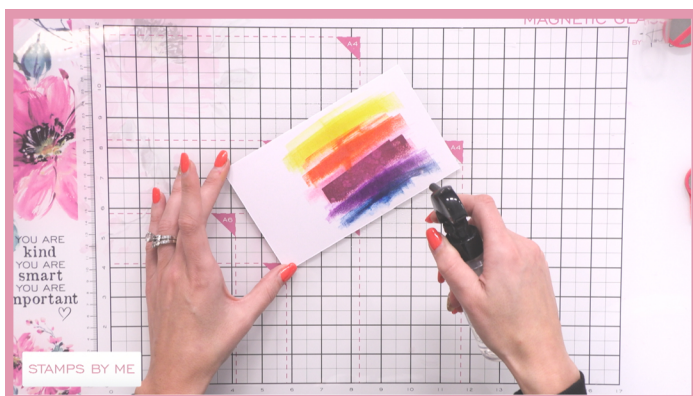

STEP 6:

Lastly, choose the sentiment stamp 'Love', place it on the Eureka and press down to evenly stamp.

STEP 1:

Firstly, using a range of ink colors, in a back and forth motion, ink the colors in a row down the card.

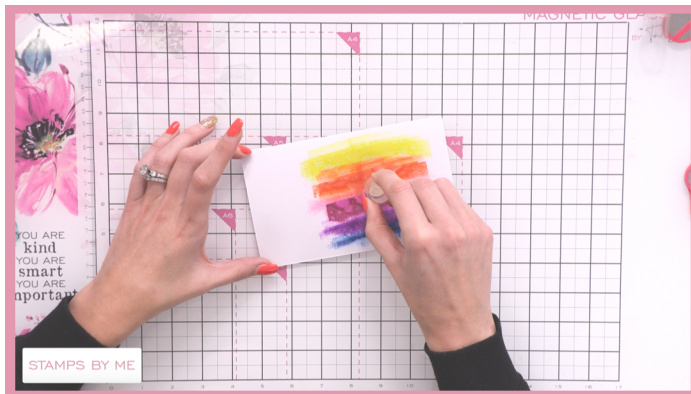

STEP 2:

Then using a spray bottle, spray water directly on the card where the ink is to let it bleed out. After doing this, to dry the ink, use a heat gun.
